Step One

*Take the white chalk and make a large central cross.
Next, make a long X over the middle.*

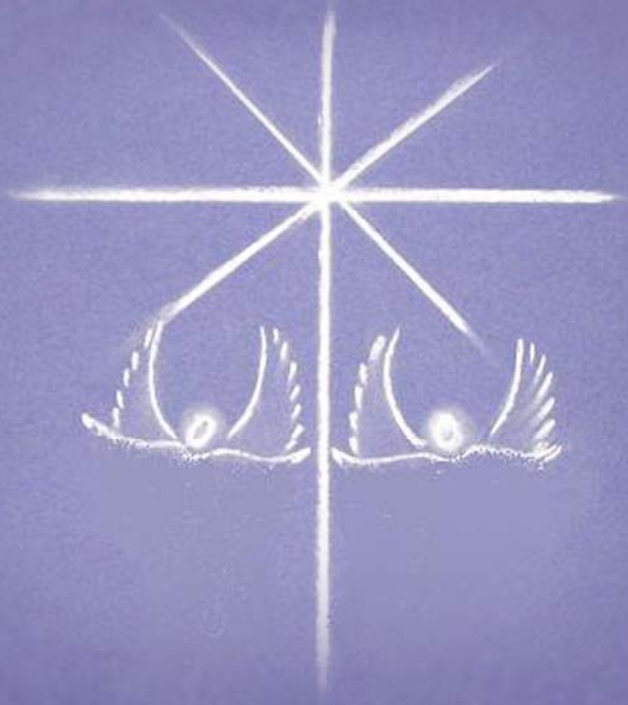

*Now draw two ovals on each side of the star line,
each tilted towards the line.*

*Add more chalk to the oval face line &
rub a circle around it to create a halo effect.*

You can do this more than once.

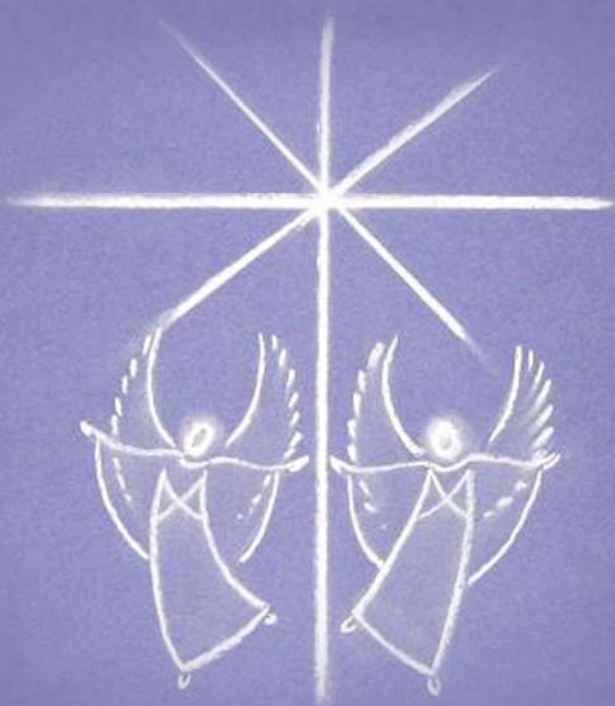

Step Two

*Draw curved lines for the outstretched arms as shown.
Add vertical curved lines above for wings.
Draw dashes down the sides
(in a curved design to symbolize feathers).*

Step Three

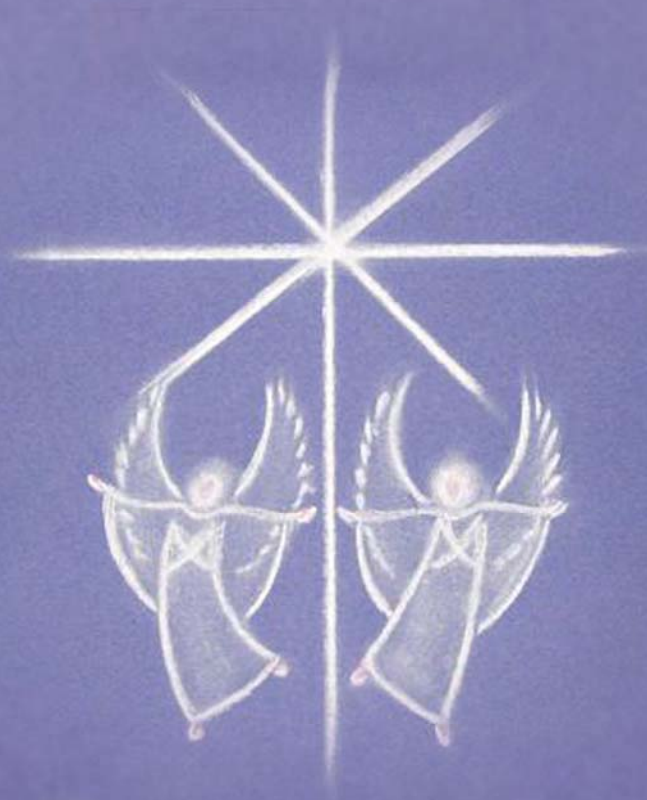

*Draw curved lines coming down from each hand for sleeves.
Add dashes for the feathers (because angels are transparent).*

*Draw tunic as shown with an X-shaped sash over the bodice.
Add little U shape for feet on bottom hems as shown.*

Step Four

*Lightly add white chalk,
filling in the whole angel design by
rubbing more white chalk inside the angel.*

Step Five

*Add more white chalk as you wish.
Then add the light blue, gold & pink rays inside
the white rays wherever you wish, or as shown*

Step Six

*Add background around the scene in light blue
& dot stars with any color*

Step Seven

*If you used fluorescent chalks in the above colors
it will look like this with your
See the Light black light!**
